Memo	
S.P. No.	Letter No 2895-8-22 April 1901

from the Health Officer Bangalore city -
 reg: Bills from the Chief
 Plague Officer Bangalore
 amounting to Rs 5-46-1-10
 for supplying shed materials
 to the poor inhabitants of
 infected localities for eva-
 cuation

The Chief Plague Officer
 Bangalore submitted for
 sanction with his no 202 &
 27/1/01, bills amounting to
 Rs 485-11-0 for Katsha
 shed materials purchased
 and supplied to the residents
 of infected localities in order
 to enable them to evacuate
 their houses in the city.
 readily

On this, he was asked,
 in Plague Comm's Office no
 3261 & 31/1/01, to state when
 and to whom the sums of
 Rs.

Rs 14/- + Rs 62/11 were supplied and whether any vouchers were received therefor from the parties

On his replying on ~~the~~ No 209 of 7/2/01 that they were supplied to the P. Comr's Office + to the presidents of Kuntina / Krishnappa's Lane + Bailly Mutt on receipt of mutchalekano from them binding them to return the materials received in good condition when called for he was ~~again~~ asked in P. Comr's Office No. 3432 of 12/2/01 to forward a detailed statement showing the names and other particulars of the persons to whom the materials were supplied the officers who certified to
the

the deservings of the recipients
the no of persons who have re-
turned the materials as
also the no of cases in which
the Chief Plague Officer per-
sonally inspected the sheds
after their creation

In response the Chief
Plague Officer forwarded with
his No 2157 of 14/2/01, the
matchalukas from the several
parties which also bore the
names of the officers who certi-
fied & granted shed materials,
and stated that only 11
persons in Munireddy palga
returned the materials all
then But the file received
with the above was returned
back & he was asked in
No 3498 of 16/2/01 to sub-
mit the statement called
for in No 3432 of 12/2/01

Meanwhile with his

No

No 217 of 15/12/01 he submitted
for sanction additional bills
amounting to Rs 110-6-11
with vouchers which also were
produced in Plague Commissioner's
Office No 3570 of 18/2/01
to be forwarded with the state-
ment called for.

A statement was
received with his No 227 of
23/2/01 showing merely the
number of officers who certi-
fied, of persons who received
the materials and of those
who returned them. As
this was insufficient to
check the bills with the
vouchers therefor the
Chief Plague Officer was
again asked in No 3635 of
28/2/01 to submit a fresh
statement showing the
names of persons to whom
the shed-materials were
supplied

supplied the description
& quantity of the materials
noting against each the cost,
and also the materials returned
and the cost realisable from
them by sale.

A complete statement
as called for in the above
was received with his No
242 of 15/3/01. But as
there was no entry in it of
the prices ^{paid} ~~paid~~ The
amount realisable by the
sale of the materials returned
& as there was also some
discrepancy between the
quantity purchased as per
vouchers & the quantity
supplied, this statement
was also returned with
Plague Comm's Office No 3940
of 30/3/01 to be completed
& the wanting entries filled
up.

In reply The Health
Officer

Office Bangalore City, ~~am~~
in his no 2895-3 ^{RECEIVED} 24/4/01
now submits in super-
cession of the former
statement a fresh one
showing the particulars
of the building materials
supplied to the poor
families of infected
localities — The quan-
tity that remained al-
ready in stock, having
been returned to the stores
from Apparahally Health
Camp the quantity
since purchased those
distributed & those that
were returned together
the quantity in stock on
1st April 1901 Together
with their approximate
costs & the probable amount
realisable by their sale

He

Intro

The officers in sole charge of Plague preventive measures, ought not to have anticipated this.

RD

14/5

He also states that as the Chief Plague Officer delegated responsible officers Civil Medical, for the inspection of sheds, he did not anticipate that he will be questioned on the necessity of personal inspection

The bills were duly checked with the statement received. The total cost amounts to Rs 546-1-11. as per details given below.

Big bamboo	Rs 35-2-9
Small do.	30-7-2
Bedars	82-6-2
Cartmats	75-0-0
Small mats	265-6-6
Tar, Oil ropes & Cart hire &c	57-11-6
Total.	<u>546-1-11</u>

Analysis of the statement.— According to the statement the approximate cost of the materials received from the Upperbally Health Camp

Camp is Rs 39-8

that of the materials returned
& now in stock Rs 124-12-9,
that of the quantity destroyed Rs 10-0-10
and that of the quantity
outstanding Rs 72-11-10

As the amount for
which the bills have been
submitted for sanction
has already been provided
for in the Budget Estimate
for April 1908, the bills
require formal sanction

Since the forwarding
of the above statements
the Chief Deputy Officer
in his no 249 of 22/3/08
and the Health Officer in
his subsequent no 2907
23/4/08 have requested
that early orders may
kindly be passed for the
disposal

disposal of the building
materials as they are
likely to get deteriorated
by being kept in stock
(The papers referred to are
also herewith put up)

Submitted for orders.

a part of the Chief Plague
Officers duty to have
^{at least} inspected some of the

to do so is ~~very~~ unsatisfactory

The ~~sale of~~ materials
now in stock may also
be ordered to be sold by
public auction & the

With reference to Plague

30th ultimo to the address of the
Chief Plague Officer. I have
the honor to state that a certain
quantity of shed materials was
purchased in lots and these
together with the materials that
had been returned to the store
from Upper Killy Health Camp
were distributed among the
families noted in the statement
submitted with this office No 242
dated the 12th ultimo. A ^{fresh} statement
showing the quantities that remained
already in stock, those since
purchased, the quantity distributed,
those that were returned and
the quantity in stock on 1st April
1901 with approximate cost is now
made out and furnished herewith
in supercession of the statement
already

already submitted. The cost of materials supplied in each case cannot be given as the materials supplied included those now purchased, and those returned from the partially healthy camp and it cannot be now stated how much of old and new materials were supplied in each particular case. The probable amount that can be realized by the sale of the materials is also shown in this statement.

As regards the question about the risk of sheds inspected by the Chief Plague Officer it is understood that the duty of inspecting these sheds was delegated by him to responsible officers viz. Civil and Medical Officers and that the necessity to note down the sheds personally seen by the Chief Plague Officer did not manifest itself as he did not ~~leave~~ it to be questioned about the same.
